REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The allowability of claims 1-38 is based, for some of the claims, on the amended language calling for an application of the force in a direction which is opposite to the direction of the gravity, and for some other claims, on the amended language incorporating objected subject matter into these latter claims, and on cancellation of claim 39.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
